

My School is closing for a while

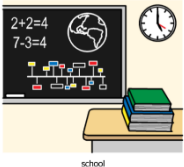

Sometimes I come to school and sometimes I stay at home with my family, like at the weekend and during the school holidays.

My school is going to close for a few weeks

I will stay at home with my family while my school is closed

I can have lots of fun at home with my family

When school is open, I can go back

All of my teachers and my friends will be happy to see me in a few weeks.
