VALLEY SCHOOL

CHARGING AND REMISSIONS POLICY

We make no charge to families for any activity that occurs during the school hours at Valley School.

We have a school fund and donations from parents are encouraged. ParentPay is the preferred method of payment by our financial auditors. This fund helps to offset the cost of such things as cookery ingredients and educational visits. We also ask parents for a voluntary contribution if children are taking part in a residential school visit.

In each letter/communication that parents receive where a contribution is requested, they are reassured that no pupil will be treated differently on the grounds that contributions have/have not been made on their behalf.

Costs incurred by the school where parents are unable to make a contribution are met through the school fund or appropriate funding.

School Hours

Start: 9.00am

Finish: 3.30pm
