

Pandas 	Step 3	Spring 2 2024
Space		
Communication, language and literacy 	Your child will be working on: - <ul style="list-style-type: none"> • Developing their communication skills in all lessons • Working on their IEP targets. Reading <ul style="list-style-type: none"> • Sensory story- To Infinity and Beyond. • Regular one to one reading sessions • Funky Fingers - a variety of activities to strengthen our fine and gross motor skills including colouring in a big rocket, working with moon sand, writing words/mark making in black sand and making papier mache planets. 	
Personal, social and emotional development and RE 	<ul style="list-style-type: none"> • RE- this half term Pandas will be looking at Prayer in different religions. They will be listening to the Muslim call to Prayer, creating Hindu shrines and listening to Christian Music. 	
Physical development 	<ul style="list-style-type: none"> • PE- (orienteering) we will be following a course around the playground to collect space pictures/ words. We will be getting faster at running around the course. • Swimming- some of us will be going to Hazel Grove pool and others will be warm water swimming at Valley School. • Every day we will use a variety of physical equipment during 'ready to learn' and break times to ensure we are meeting everyone's sensory and physical needs. 	
Cognition/Mathematics 	<ul style="list-style-type: none"> • Positions - we will be exploring putting the small world space people in/ on/ under/ behind/ and next to the rockets. Putting ourselves in different positions by going on a space adventure to stand next to/ in front and behind different planets. • IEP work will be worked on throughout the week. 	
Understanding of the world 	<ul style="list-style-type: none"> • ICT- this half term we are revisiting our favourite ICT activities. We will be programming the Beebots to go around a space track, playing space games on the computer and some of us will be looking up space facts on the chrome books. • Science- we are separating materials and will be carrying out experiments using different equipment to find out the best way to separate things. We will be exploring things that are easier to separate such as balls and water and things that are more challenging such as salt and sand. 	

Expressive arts and design

- Art- exploring colour. We will look at the Artist Kandinsky's painting and create our own circle Art. To do this we will mix colours and change shades of the paint. We will be using the salad spinner create our paint planets and make big galaxy pictures using the chalks.

Other

We are looking forward to exploring above and beyond!
